

Letter U

1. Color the U blue for water
2. Color the fish & cut them out & glue them down
3. Cut the pieces apart to fill in the boxes on the bottom
4. Glue the picture of underwater up by the word underwater

Letter V

V is for vase with flowers that are stamped with Vegetables.

So they would color the V to be their vase then they could use vegetables like okra, celery, bell peppers, broccoli to make their flower heads, then they could draw lines for the stems.

They can glue the vase picture up at the top and then circle the letter v's that they find in the words at the bottom.
