

# Letter Y

-They can circle the y's in the words -For the hand mirror the inner oval can be cut out of a stiffer paper and then wrapped in tin foil and glued down as the mirror and then they can color or decorate the rest of the mirror with stickers

-They can also put paint or stamp their hand prints on the page. If that is messy you can also just trace their hands with markers.

and they can glue the hand pointing to them in the top corner :)
